

## List of reference symbols

100	silicon wafer
102	layer sequence
104	bottom layer
106	layer sequence
108	auxiliary layer
110	layer sequence
112	decomposable structure
112a	component
114	layer sequence
116	copper material
118	layer sequence
120	copper interconnects
122	layer sequence
124	covering layer
126	layer arrangement
128	cavity
130	layer arrangement
132	copper support pillar
134	layer sequence
136	photoresist layer
138	contact hole
140	layer sequence
142	via hole
144	layer sequence
146	layer sequence
148	copper contact
150	layer arrangement
152	additional copper interconnects
154	additional cavity
156	additional covering layer
158	layer sequence
160	further photoresist layer
162	layer sequence
164	further decomposable structure
166	layer sequence
168	further copper interconnects
170	layer arrangement
172	further covering layer
174	further cavity
